Warren Michigan area Businesses on Sherwood 1800-2025
A handy time saving reference

Sherwood was the main road in early 1800s known, as State Road was a dirt path thru woods and prairies until improvements. It was so bad when wet that travelers often got stuck. So a wood rail road with horse drawn carriages was built next to it. At least travelers would not get stuck in the mud or broke wheels.
Research is ongoing, more people must be interviewed and deeds consulted befure this is complete but here is the current state of Wesley Arnold's research.

Owners. The Native people believed that no one owned any land as it belonged to Mother Earth. People only used it for a short time. So I will use the term user instead. For 11,000 years Native peoples used all of this area. In 1700 The French clained it. In 1760 The British took over. In 1813 the Britsh left and the Americans took over the territory.

The first American settlers started with Abel Warren to the north
then Charles Groesbeck the first to register in Warren Towhship in 1830.

II MILE
State road ended at 11 Mile in 1830-early 1900s. Travlers went west to what is now Mound so businesses will be listed under Mound.
The land is part of the GM Tech Center from 11 Mile thru 13 Mile
12 MILE to 13 Mile no sherwood as the land is part of the GM Tech Center
The closes street north to Sherwood is Davy and that is all residential and is a bit more westerly.
